

## **Application Procedures for Partner Universities' Students**

Shanghai Summer School (BRICS Program) is a short-term educational program that provides an opportunity for the undergraduates, postgraduates and junior researchers from BRICS countries to live and study in Shanghai, China for one month (from July 6 to August 3). There are two main courses the students would take: ‘Global Governance and Cooperation among BRICS’ and ‘New Development of China’s Politics and Economy’. The total number of enrollment of the Program is 50, 20 of which enjoy scholarship and 30 are self-financing (non-scholarship).

We would like to cooperate with our partner universities and research institutes to accomplish the selection of the applicants. In order to make it smoothly and effectively run, the Program would like to rely upon partner universities to provide us the short-listed candidates of scholarship participants by **April 22**.

An applicant for either scholarship or non-scholarship must send his/her materials of application to the Center for BRICS Studies at Fudan University (E-mail: bricssummer@126.com) as he/she starts to apply. The list of application materials is shown below:

1. Curriculum Vitae (CV);
2. A transcript of the program he/she is enrolled in; a junior researcher could send us his/her report of degree given by his/her university;
3. A statement of purpose;
4. A completed application form (a blank form and its demonstration are attached in this letter);
5. At least one letter of recommendation given by a professor or an associate professor. (Scholarship applicants are required to send this. However, it is optional for non-scholarship applicants.)

For each of our partner universities and institutes, we will ensure **at least one scholarship**. The admission name list for the scholarship students will be published on **April 29**, and the admission name list for the self-financing students will be published on **May 5**, through official websites of the Center for BRICS Studies and BRICS Information Sharing and Exchanging Platform (<http://www.brics-info.org/> ). You may find detailed information about the Program in the introductory brochure of *2016 Shanghai Summer School BRICS Program*.
